GRAPES

"GRAPES OUR SPECIALTY"

CONCORD—A well known commercial variety grown all over the U. S. One year vines 10—\$1.00; 25—\$2.00; 100—\$7.50; 1000—\$70.00. Prepaid. 2 year 10—\$2.00; 25—\$4.00; 100—\$15.00. 3 year bearing size 10—\$3.00; 25—\$6.00. All prepaid.

FREDONIA—A new early black grape, large bunch, ripens evenly. Bears second year. Prices—Same as Concord.

NIAGARIA—This is probably the best white grape. Very popular all over the U. S., midseason, 2 year, 30c each. Postpaid.

CATAWBA—An old standard variety dark red or mahogany. Late, 2 year, 30c each. Postpaid.

AGAWAM—A large red grape highly flavored midseason, 2 year, 30c each. Postpaid.

AMERICA—A cross between Concord and the wild grape. Very hardy, will not rot. 2 year, 30c each. Postpaid.

CACO—Large red grape. Very sweet table grape, midseason. 2 year, 30c each. Postpaid.

LUCILLE—The earliest red grape we have. Should be picked when ripe. 2 year, 30c each. Postpaid.

ELLEN SCOTT—Large clusters of violet color. Ripens late. 2 year, 30c each. Postpaid.

DELAWARE—A small pink grape with compact clusters. Good table grape, midseason. 2 year, 30c each. Postpaid.

HENRYETTA—Originated at Henryetta, Okla. Large bright red grape highly flavored, midseason. 2 year, 30c each. Postpaid.

CARMAN—Large clusters of medium sized grapes. Withstands dry hot weather. Can remain on vine a long time after ripe, Midseason. 2 year, 30c each. Postpaid.

GOLDEN MUSCAT—A new California type grape. Large clusters of yellowish white. Very pleasing flavor, 2 year, 40c each. Postpaid.

SENECA—Another California type grape. Very early and sweet white. 2 year, 40c each. Postpaid.

CONCORD SEEDLESS—A black grape with Concord flavor. Makes good pies, medium sized grape without seeds. 65c each or 2 for \$1.25. Postpaid.

GRAPE CUTTINGS—Concord and Fredonia. \$1.00 per 100. Postpaid. We can furnish large quantities of concord and Fredonia cuttings. Write for prices if interested. We can furnish a few cuttings of all varieties we have listed at \$1.50 per 100. Postpaid.

GRAPE SPECIAL

6 black, 2 red and 2 white—10 vines in all—2 year, well rooted—5 varieties, adapted to your section—\$2.50 postpaid

BOYSENBERRY

The **BOYSENBERRY** was introduced in 1932. It was propagated by crossing the Red Raspberry, Loganberry, and Blackberry, combining the flavor of all three.

IMMENSE SIZE: Berries get to be 1½ 2 in. long and 1 in. in diameter. Fifty berries have been known to fill a quart box. An average of 75 berries will fill a quart box. Fifty vines well cared for should make enough berries for a large family.

PRICES: One year plants, large vigorous roots no inferior plants 10—\$1.00; 25—\$2.00; 100—\$7.50; 1000—\$50.00; 500 at 1000 rate. Large bearing size (will bear some berries this year if set early) 10—\$2.00; 100—\$17.50 by parcel post or express prepaid anywhere.

THORNLESS BOYSENBERRIES: Entirely free of thorns which makes them a pleasure to pick and handle. They are very prolific bearers however they are not quite as large a berry as the thorny type. **PRICES:** 10—\$1.00; 25—\$2.00; 100—\$7.50; 1000—\$50.00. Large bearing size 10—\$2.00; 25—\$4.00. All postpaid.

RHUBARB

VICTORIA—The most popular sort for the home use. Prices \$1.00 per dozen. \$6.00 per 100. Postpaid.

MCDONALD divisions 40c each. Postpaid.

CANDA—Rer, large division, 50c each. Postpaid.

ASPARAGUS

MARTHA WASHINGTON—2 year No. 1 roots — 25—\$1.00; 100—\$3.00. Postpaid.

STRAWBERRIES

BLACKBERRIES

LAWTON: Medium early. The best for home use and canning.

Prices 1 yr. plants — 10—\$1.00; 25—\$2.00; 100—\$7.50; 1000—\$50.00; 500 at 1000 rate. All postpaid.

ELDORADO: Bears young very productive large berries almost round. The best Blackberry for northern sections.

Prices — 10—\$1.00; 25—\$2.00; 100—\$7.50. Postpaid.
2 yr. Bearing size above varieties. 10—\$2.00; 25—\$4.00. Postpaid

RASPBERRIES

BLAKEMORE—Yellow free strain, early. The best strawberry for this section. A large berry with a long ripening season beginning with the earliest sorts and going out with the late kinds. This berry is taking the lead as a commercial berry in Oklahoma, Arkansas, Missouri, Tennessee and many other states. A heavy yielder and good shipper. Write for prices of large quantities of Blakemore. We can furnish any amount of this variety.

Prices — 100—\$1.00; 500—\$4.50; 1000—\$8.50. Postpaid.

SENATOR DUNLAP—Midseason. Medium to large berry. Adapted to the middle and northern states. A great berry for home use and canning. Very resistant to frost.

Prices — 100—\$1.00; 500—\$4.50; 1000—\$8.50. Postpaid.

AROMA—Late, almost safe from frost, large and productive. A well known commercial berry.

Prices — 100—\$1.00; 500—\$4.50; 1000—\$8.50. Postpaid.

IMPROVED KLONDIKE—An old standard variety in the south. Withstands hot, dry weather. A good shipper, grown extensively in Texas and California and other southern states.

Prices — 100—\$1.00; 500—\$4.50; 1000—\$8.50. Postpaid.

KLONMORE—A cross between Klondike and Blakemore. It is replacing Klondike in Louisiana and is being tried in Arkansas and other sections.

Prices — 100—\$1.00; 500—\$4.50; 1000—\$8.50. Postpaid.

NEW ROBINSON—Largest June bearing strawberry known. Big round berries born on large, thick stems protected with heavy foliage. Solid red all the way through.

Prices — 100—\$1.50; 500—\$6.50; 1000—\$12.00. Postpaid

PREMIER—Begins to ripen a few days after Blakemore. A heavy yielder. Adapted to the northern states. A shy plant maker and should be set a little closer in the row.

Prices — 100—\$1.50; 500—\$3.50; 1000—\$12.00. Postpaid.

GEM—The Gem is a real everbearer, bright red color and firm enough to ship. Very pleasing flavor.

MASTODON—The largest everbearer ever introduced. Our Mastodon and Gem are large thrifty plants and will bear this year.

STREAMLINER—Another new everbearer originated in Oregon. Berries large, bright red and almost round. Very sweet, requiring little sugar. Price of Mastodon, Gem and Streamliner 50—\$1.25; 100—\$2.00; 500—\$9.00; 1000—\$17.50. Postpaid.

LATHAM (RED)—The Latham is the most outstanding of all Red Raspberries. Unexcelled for size and flavor. The most widely planted as a commercial Raspberry as it is a good shipper. Ripens in midseason. Why pay more when you can get the best plants grown at the following prices:

10—\$1.00; 25—\$2.00; 100—\$7.50; 1000—\$50.00. Latham transplants (will bear this year) 10—\$2.00; 25—\$4.50. All postpaid.

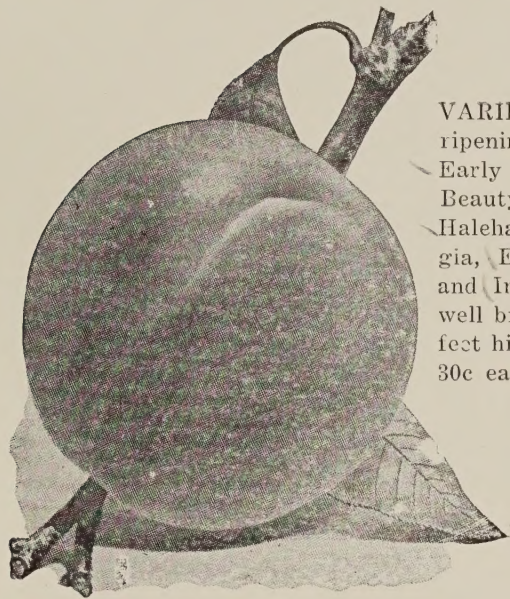

CUMBERLAND BLACK CAP—The Cumberland is the most extensively planted of all the blackcaps. It is so far superior in size, flavor and shipping qualities we do not grow any other variety. Also vines are more resistant to Anthracnose, a disease common to all Raspberries.

Prices: One year No. 1 plants 10—\$1.00; 25—\$2.00; 100—\$7.50 All postpaid.

ST. REGIS—Everbearing (red). Bears heavy in the spring, then again in the fall if not too dry.

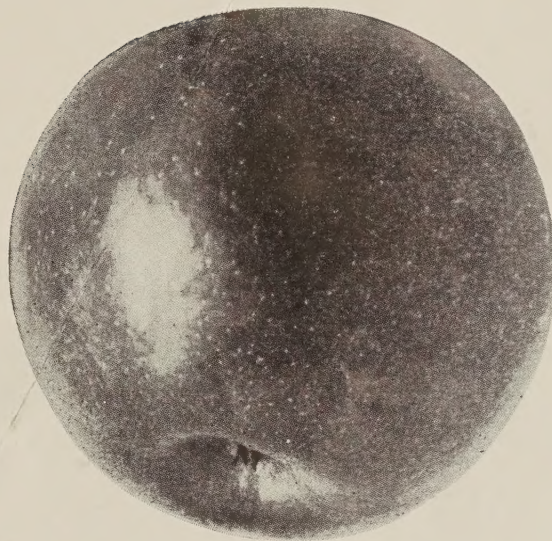

Prices: Same as Latham.

PEACHES

VARIETIES: In order of ripening — Mayflower, Early Red Bird, Fair Beauty, Golden Jubilee, Halehaven, Belle of Georgia, Elberta, J. H. Hale and Indian Cling. 2 year well branched trees 4 to 5 feet high 45c each; 1 year 30c each. All postpaid.

APPLES

We have a nice assortment of apple trees in both 1 and 2 year grade. Varieties as follows: Jonathan, Lodi, Golden Delicious, Double Red Delicious, Early Transparent, Winesap, Red June, Wealthy, King David, Stayman Winesap and Gano.

Prices: 2 year, well branch, 4 to 5 feet—65c each by express, prepaid. Too large for Parcel Post shipment.

1 year Whips 3 to 4 feet—35c each. Postpaid.

CHERRIES

EARLY RICHMOND—Vigorous, productive; large, light red; handsome.

MONTMORENCY—prolific, medium sized; dark red; juicy, acid, unsurpassed for cooking.

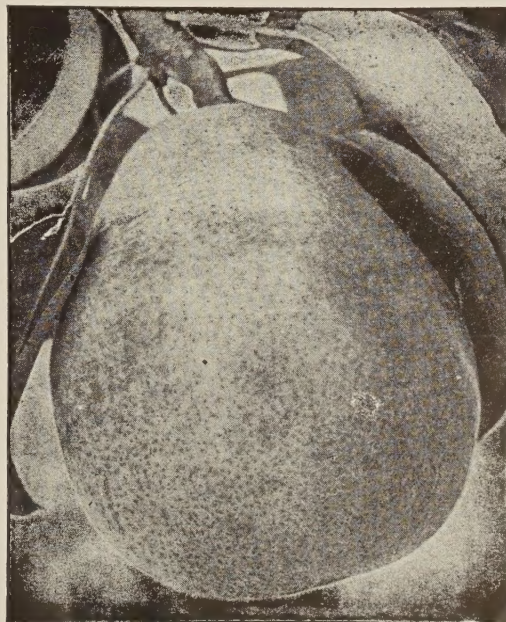

CHERRY PRICES—4 ft. trees—\$1.00 each. Postpaid.

PLUMS

Bruce, Burbank Allred, Gold, Methley Sapa. Prices—3-4 ft. 45c each; 4-5 ft. 65c each. Postpaid.

PEARS

STRAWBERRY PLANT SPECIAL

100 Dunlap and 50 Gem Everbearing
\$2.00 Postpaid

HOME ORCHARD COLLECTION

6 Apple; 6 Peach; 1 Plum; 1 Cherry; 1 Pear; 5 Grape Vines; best varieties, adapted to your section. All 2 year best grade trees well branched, 4 to 5 feet high \$7.95; 2 collections \$15.50.

Postpaid to your mail box.

KEIFER—Large, golden yellow. Flesh firm, crisp, juicy and a good canner. Ripens around middle of September.

GARBER—Tree free from blight and immensely productive. Fruit large, resembling Keifer, but ripening two or three weeks earlier.

PEAR PRICES—4-5 ft.—75c each. Postpaid.

DIRECTIONS FOR GROWING STRAWBERRIES

Plow ground deep and prepare level. Set plants 3 to 4 feet apart by 18 inches to 2 feet apart in the row. Do not set in furrows as they might get covered up after heavy rains. Cultivate as soon as weed growth starts and continue at intervals of 2 weeks during the whole growing season or until about September 1st. Keep entirely free of weeds and grass by hoeing and hand weeding. Keep blossoms pinched off to induce them to make runners and set new plants. The blossoms may be allowed to remain on the everbearers after the middle of July and they will fruit in the fall.

CULTIVATION OF BOYSENBERRIES

Boysenberries should be set the latter part of February or in March. They are perfectly hardy and will not winterkill if set in the fall or anytime during the winter. Set in rows 8 feet apart by 5 feet in row. Cultivate both ways leaving vines lying on the ground the first year. The next spring about March 1st hang on wires 18 inches and 3 feet high. Some growers drive a stake 4 to 5 feet high beside each vine and tie to stake. This insures clean berries and are then easily picked. About 1,000 plants will set one acre.

CERTIFICATE

NO. 98

OKLAHOMA STATE BOARD OF AGRICULTURE

Harold Hutton, President

Oklahoma City, Oklahoma

CERTIFICATE OF NURSERY AND FLORAL INSPECTION

Fee \$14.00

Year 1950 - 1951

THIS IS TO CERTIFY, that the nursery and floral stock of Ideal Fruit Farm at Route No. 1 in Stilwell, Oklahoma, was inspected by a duly authorized inspector of the Oklahoma State Board of Agriculture on the 25 day of August 1950, and found to be apparently free from injurious insect pests and plant diseases. The size of the premises was reported as 15 acres and the stock consisted of fruit trees, forest trees and strawberry plants.

This Certificate, unless sooner revoked, invalid after September 30, 1951.

HAROLD HUTTON

President,
State Board of Agriculture

CLYDE A. BOWER

Director, Division of Entomology and
Plant Industry
